"Reflections of 1955"

SHAWSWICK HIGH SCHOOL

BEDFORD, INDIANA

005-913

The 1955 Hillcrest

reflects:

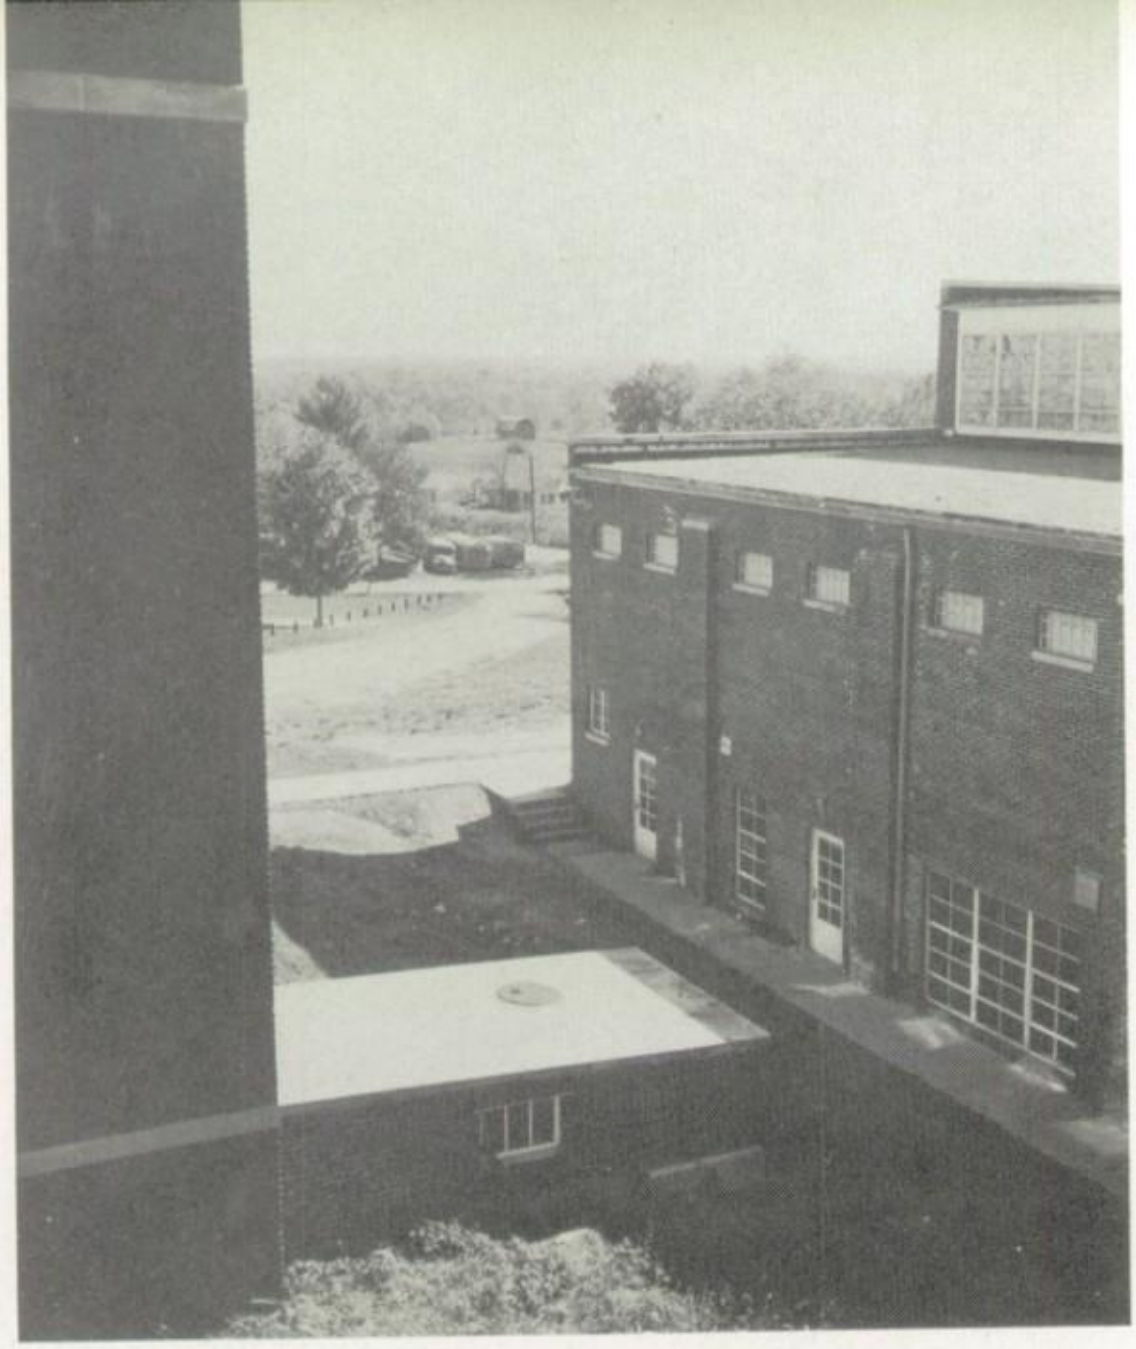
the transition. . . . .
of leaving the fun in the hall
the picnics at the parks
the happy times at our class parties. . . .
to return once more to cast
our reflections nearer the
school of our hearts.

Shawswick High School *Rural Route 6* *Bedford, Indiana*

Seniors 8. . . . . Advertisements 22. . . . . .

Faculty 35. . . . . Underclassmen 36. . . . . .

Activities 51. . . . . Sports 61. . . . . .



This scene is known to all "window watchers" at Shawswick as the buildings cast their REFLECTIONS here. Down the road you will see the familiar yellow busses which have transported us to school for the past 12 years.

. . . the place

Just buildings, but they radiate the personalities of myriads of students who have walked up and down the corridors, and in the classrooms. If only these buildings were capable of talking they would tell us of the struggles, the joys, and the satisfactions that each individual who has entered S. H. S. has known.

This building was built in 1925. Since that time there have been three additions: Through this door there are many reflections of our years in this building.

A recent addition to the gymnasium are the new lockers.

We prepare most of our lessons for the day in the assembly. The library has also been used as a study hall.

. . . the people

In our memories are the many shinning faces of SHSites with whom we have worked each day. These faces will be a part of us always. Years after these days have passed we shall turn through the pages of the 55 Hillcrest reliving classes, parties, games, all sorts of jolly times---with the t eachers and students pictured on the pages.

We shall never forget the Prom last year. The theme was "A TROPICAL NIGHT IN HAWAII." Ray Stone and his orchestra played for the dance.

Prophecy

In the year 2,000 A. D. I went on an excursion to see if I could locate any of my old friends and classmates that attended Shawswick High School in the year 1954-55.

Our first stop was San Francisco, California. There I telephoned Bob Clampitt whom I had heard was living there. He said he had married Patty Kindred right after school was out in 1955 and had bought a prune plantation in California. I told Bob good-bye and I was off for my next stop, Hawaii, where my old friend Joe Newland and his wife Barbara are now living. I stopped to say "Hello" and found Joe sitting on his front porch making grass skirts for a livelihood. Joe told me that our friend, Warren Wildman, was living down there also and was getting very rich off of a coconut plantation.

Out to Hickman Field to board our plane and we were off for the Philippine Islands. While there we stopped in at a drive-in and to my surprise Janet Jackson and her husband owned it, in co-partnership with Delbert Baker and Carole Brinegar who are now Mr. & Mrs. Janet told me that Kenny Reynolds was in Japan -- owner of the Japanese Sky -- Rockets, a basketball team, who hadn't lost a game in 20 years.

As we continued on our journey, we came to Bombay, India where we heard Shirley Scoggan was chasing John all over the country-side trying to get him to marry her.

As I was passing over Africa I happened to remember that Rilla Jo Baker was there on a $50,000 hunting expedition.

Stopping at Rome, Italy, I happened to see a magazine with Kay Boruff's picture on it. I looked up her address and went to see her. She is now married to Paul and models for a big firm here in Italy. Her fee is $10,000 or over. We happened to run into Janice Asbell leading yells at an Olympic game with Max cheering her on. With her were Jack Peyton and David Ragsdale.

On the way to England I stopped at Geneva, Switzerland, and picked up two five-star generals. They were Paul Snow and Fred Lyons. They were on their way to England and they informed me that Donald Smith was trying to get on as assistant to the assistant of the assistant to the assistant of the Prime Minister. They also told us that Ray Wagoner was trying to get on as his assistant.

Charles Holland was in Holland trying to trace his family tree. Too bad we had to miss seeing Charles but our plane did not stop there.

As I was on my last lap home I stopped on the coast of Florida to see Judy Kern. I found that her husband, Bob, has a resort and that Jack Pace and Robert Young were the entertainers there.

I stopped in Washington D. C. and said "Hello" to Nancy Wagoner who is the secretary to the Treasurer. I stopped at the White House to see Sue Ann Dodd, who is the first woman President of the United States and Canada.

As we come to New York, New York I looked up my very dear friend Jean Brown who is still waiting for Olin to come home over the week-end.

Finally we hit our old home town of Bedford, Indiana that now has a population of 100,000. (My, how time flies.) We tried to locate some friends and found that Peggy Conley, Rebecca Crane, and Drucella Smith are still out at S.H.S. Peggy got Mr. Flinn's job and now S.H.S. is an all boy's school. Sounds like fun, doesn't it? They told us Janet Bartley has a reducing parlor and a pet shop.

We found also Norman Ikerd is the champion pool player at Kattis' pool room and is now owner of the place.
